

Campus Santa Teresa

Academic year Competition notice 2023 - 2024

The Enrico Zanotti Foundation has been active since 2001 in the training of young people in the field of University and Research, and operates in particular through the creation and educational management of university campuses, intended for off-campus university students and for faculty, researchers and postgraduates.

The Foundation counts among its purposes (Art. 3 of the Statute):

- a) The support and development of the educational and training process of young people in schools and universities, through the creation of synergies with the people and institutions that are involved in this process;
- b) Assistance to students through hosting services and facilities;
- c) Research and experimentation related to the inclusion of young people in active life;

For the Academic Year 2023/2024, the Foundation will have at its disposal the Santa Teresa Campus located in Ferrara, Piazzetta Giovanni da Tossignano 2.

The accommodations advertised are available to Italian and foreign university students, doctoral students and postgraduates (hereinafter only «Students»).

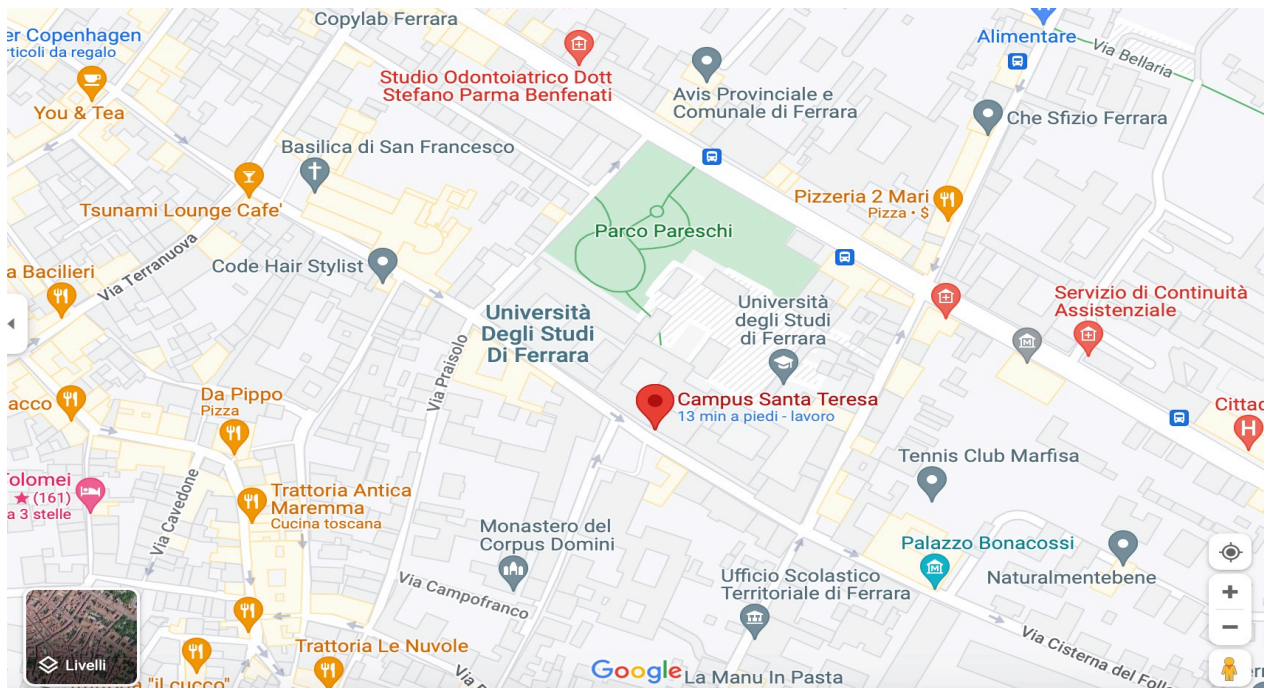

The current competition notice provides for the pre-emption of 1 place for foreign students.

TRAINING PROJECT

The Santa Teresa Campus enriches the university study path with a 50-hour training project signed by the student at the beginning of the Academic Year. On Campus, the growth path is developed in an international environment conducive to study, in an atmosphere of confrontation and freedom. All of this is fostered by an ongoing training relationship with faculty from international backgrounds and tutors who will accompany the student both in the area of in-depth scientific study and in the introduction to the world of work. This model is designed together with each student and will synergistically propose thematic meetings and personalized paths so that each student can discover skills and potential in a way that is consistent with the chosen curriculum and appropriate to university commitments. The thematic meetings are part of the "ACCADEMIA - With Undivided Heart" project (<https://www.fondazionezanotti.org/education/accademia/>), which offers a structured, modular and open pathway composed of interdisciplinary courses and thematic in-depth studies with professors and personalities of national and international prominence capable of generating relationships and knowledge aimed at broadening the participants' horizons. The path will be monitored together with the tutors through interviews carried out during the stay on the Santa Teresa Campus. The path will be monitored together with the tutors through interviews carried out while on the St. Teresa Campus. Thanks to collaborations with national and international organizations and institutions, the student is placed in a broad context that generates opportunities.
